#### **ADMINISTRATION**

The State Treasurer is responsible for receiving and investing state moneys, posting receipts to the proper funds, and signing warrants drawn according to law. As custodian of those funds, the State Treasurer determines the amount of state moneys not needed for current operating expenses and invests those funds in interest-bearing time deposits in Missouri financial institutions or in short-term United States government obligations or other instruments as provided by Article IV, Section 15 of the Missouri Constitution. Safety and liquidity are the State Treasurer's priorities in the investment of the public's funds. The State Treasurer monitors capital markets and works to maximize the return on the state's \$3.6 billion portfolio without compromising safety, earning the state millions of dollars in interest income each year.

The State Treasurer is also responsible for all state banking services, for authorizing all state payments and for reconciling those accounts. The State Treasurer establishes bank accounts for the collection of state moneys and for the receipt of all electronic payments. To protect taxpayers' money, the State Treasurer maintains a separate accounting system to provide a check and balance on the Office of Administration accounting system, and distributes investment earnings to the proper funds.

Additionally, the State Treasurer is tasked with the biennial transfer of funds to the General Revenue Fund and the transfer of excess interest earned on the debt offset escrow account as set forth in Mo. Rev. Stat. §§ 33.080 and 143.786.

#### LINKED DEPOSIT

Immediately upon taking office in 2009, Treasurer Zweifel developed a legislative package that improved and streamlined a low-interest lending program helping farms and small businesses access low-interest capital. The legislature unanimously passed this initiative and, as a result, Treasurer Zweifel has approved more than \$1.5 billion in low-interest loans through his Missouri Linked Deposit Program and ensured taxpayers earn market rates on deposits in Missouri banks. The Missouri Linked Deposit Program encourages economic growth and development in Missouri. It enables the state to provide reduced-rate deposits to financial institutions, which in turn make low-interest loans to eligible borrowers, as specified in Mo. Rev. Stat. § 30.750. Qualified borrower categories include agriculture, job creation, small business, alternative energy, local governments or other authorized categories. Under the Missouri Linked Deposit Program, the State Treasurer places deposits in Missouri financial institutions at a discount of up to 60 percent on the normal market interest rate. In turn, the financial institutions pass on the interest-rate savings by making loans to

qualified borrowers at interest rates no more than 70 percent of market. If the lending institution does not loan the full amount of the deposit, the institution must pay the state the difference between the market rate and the reduced linked deposit rate. If the State Treasurer determines that the lending institution miscalculated and overpaid additional interest, a refund is made to the lending institution.

#### UNCLAIMED PROPERTY AND THE ABANDONED FUND ACCOUNT

The State Treasurer administers the state's unclaimed property program by collecting, safeguarding and working to return unclaimed property sent by financial institutions, insurance companies, private businesses and public agencies. The State Treasurer's Office holds this cash and property until the owner or heir can be located or comes forward. The Treasurer is committed to returning as much unclaimed property as possible and continues to break records in both the dollar amount of property and accounts returned. As required by state statute, the Treasurer also annually notifies owners of their unclaimed property via postcards sent to their last known address as well as by taking out advertisements in local newspapers.

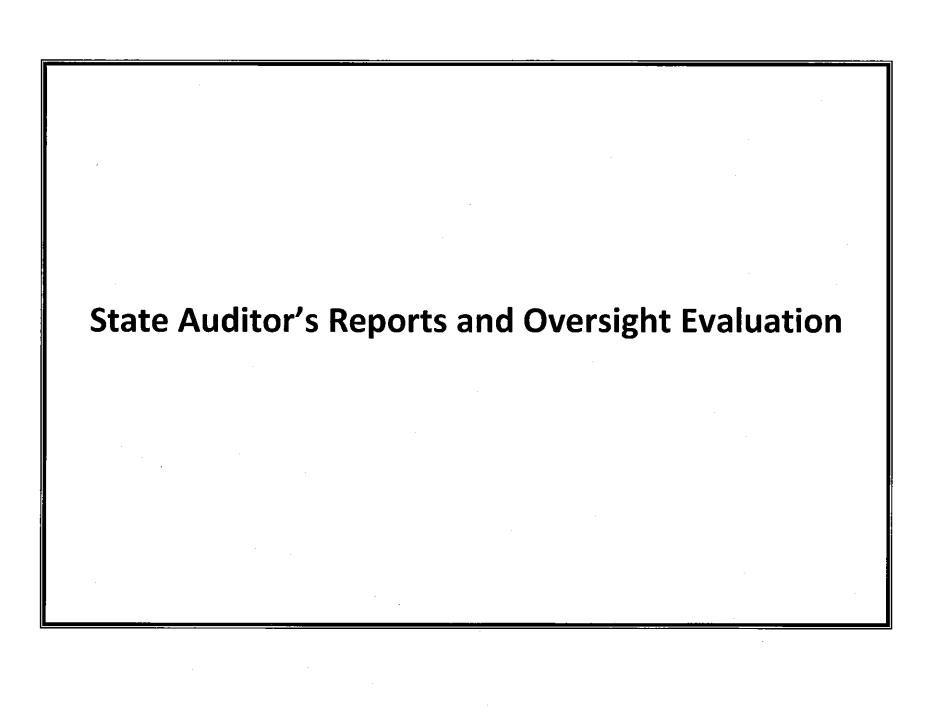

In accordance with Mo. Rev. Stat. § 447.543, the abandoned fund account receives and holds these unclaimed funds, making payment of valid claims. Any time the abandoned fund exceeds 1/12 of the previous fiscal year's disbursements, the State Treasurer may, and at least once every year shall, transfer the excess to general revenue. If verified claims for payment should reduce the balance in the account to less than 1/12 of the previous fiscal years disbursements, the State Treasurer shall transfer from general revenue an amount sufficient to restore the fund to 1/12 of the previous fiscal year's disbursements. Additionally, pursuant to Mo. Rev. Stat. § 470.020, the State Treasurer makes an annual transfer from the abandoned fund to the public schools fund.

#### ISSUING DUPLICATE AND OUTLAWED CHECKS

The State Treasurer is charged with replacing state-issued checks in the event they are not presented for payment within the legally required 12-month time frame pursuant to Mo. Rev. Stat. § 30.200.

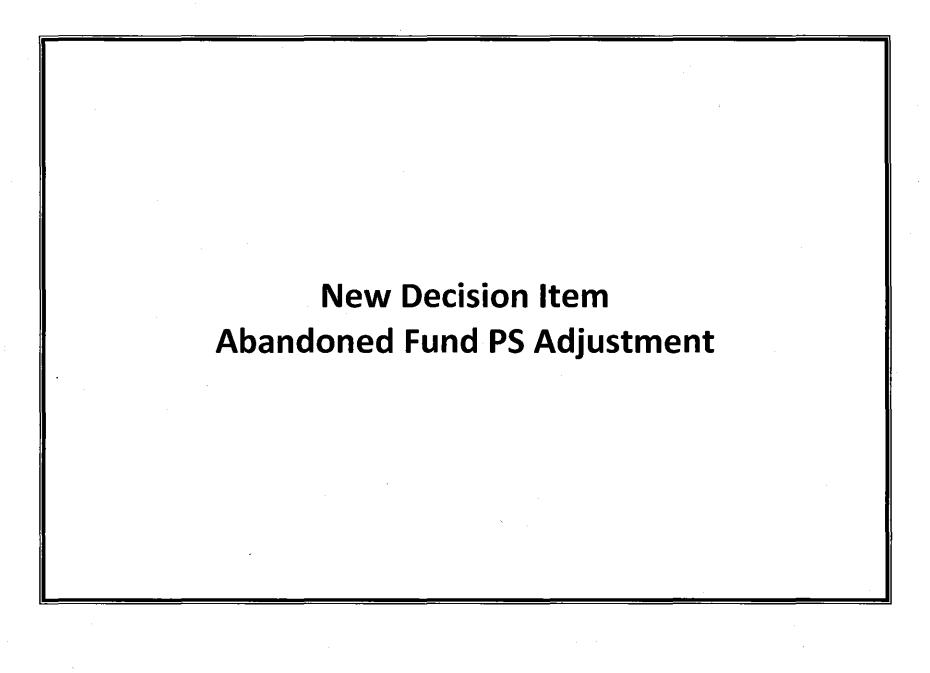

#### CENTRAL CHECK MAIL SERVICE

The State Treasurer operates a centralized check mailing service for state agencies pursuant to Mo. Rev. Stat. § 30.245, which allows the state to take advantage of bulk mailing rates and consolidation of payments to a single vendor.

A pay study was conducted by the STO to analyze pay for employees in its Unclaimed Property Division compared to surrounding states, states with comparable sized Unclaimed Property Departments, and states with similar statewide per capita income. Of the twelve states compared, Missouri had the second lowest salary for its Unclaimed Property staff. However, when comparing performance measures gauging the effectiveness of returning unclaimed property, Missouri was consistently ahead of other states. For example, Missouri was third of the states in the amount of unclaimed property returned per personal service dollar spent, fourth in the amount of unclaimed property returned per FTE.

Claim payments in FY2015 were \$41.7 million which is a 100% increase since FY2005, and the total number of accounts paid has increased 126% in that same time. While the

Missouri Unclaimed Property Division has been in existence for thirty years, over half of the total amount of claims paid have been processed and paid in the last six years, alone. Allocating these additional funds would allow the STO's Unclaimed Property Division to increase existing staff pay by 3%, moving it closer to other comparable states and making the pay more reflective of the considerable efforts of staff. It will also assist the Unclaimed Property Division to retain existing staff and allow it continue to increase payouts to more claimants in a timely manner. The statutory authorization for the Unclaimed Property Division can be found in §§ 447.500-595 Mo. Rev. Stat.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Historical data including amounts reported, amounts returned, accounts returned, and processing times were reviewed to determine additional staffing was needed. The Unclaimed Property Division staffing size has only increased by 1 FTE since FY2003 while the number of accounts paid have increased 195% and the dollar amount paid has increased 185%.

#### 2. CORE DESCRIPTION

In order for the Office of the Missouri State Treasurer (STO) to fulfill its advertising requirements (Chapter 447 of the Revised Statutes of Missouri) regarding unclaimed property, the STO must mail notices, advertise in newspapers and utilize outreach programs (i.e. radio, television, internet website, booths at public events and other proactive owner locations) in an attempt to locate rightful owners of unclaimed or abandoned funds held by the STO. These funds will also be used for ongoing communications with owners as they go through the claims process and other claims related expenses. The STO also must make all preparations to conduct an auction of items received that need to be liquidated. This includes an auctioneer, locating a place to hold the auction, cataloging the items to be sold and advertisement for the auction.

State checks are valid for twelve months from date of issuance. The State Treasurer's Office (STO) will replace stale dated, lost or destroyed checks if a notarized statement or the check is presented.

Due to the uncertainty of the number and dollar amount of outlawed or duplicate check requests that may be presented in any given year, the STO is requesting an open-ended appropriation for issuing duplicate and outlawed checks.

#### 2. CORE DESCRIPTION

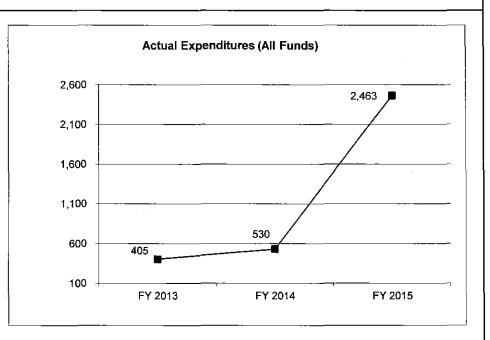

In the event an audit indicates that an interest refund is due to a depository regarding a linked deposit, adequate funding must be available to make the refund. Section 30.758.5 provides that "...the state shall receive market interest rates on any linked deposit or any portion thereof for any period of time for which there is no corresponding linked deposit loan outstanding to an eligible..." borrower. When a financial institution miscalculates and overpays the amount of market interest owed to the STO, the STO must have a mechanism to refund the overpayment.

This request is for funding the biennial transfer of excess balances in various funds to the General Revenue Fund. Pursuant to Section 33.080, RSMo, at the close of each odd-numbered fiscal year, the Office of the Missouri State Treasurer (STO) shall calculate the unexpended or available balance in each eligible fund and transfer it to the General Revenue Fund. The STO has no estimate of the amount to be transferred as fund balances may fluctuate considerably and statutory limits vary by fund. There was no transfer in FY2015. The transfer for FY2014-FY2015 will be made in FY2016.

The salaries and fringe benefits for employees performing investment, cash management and administrative duties as well as related expense and equipment costs are paid from this fund.

**EXPLANATION OF UNEXPENDED APPROPRIATION AMOUNT:** The State Treasurer's Office experienced staff retirements during FY 15 as well turnover in several other positions. Not all of the staff were able to be replaced quickly, and when the positions were filled, the starting salaries of the new staff were less than the exiting staff due to the longevity of the exiting staff. This turnover also resulted in a temporary reduction of general office spending.

**EXPLANATION OF OTHER ADJUSTMENTS:** This fund has no other adjustments.

**EXPLANATION OF OUTSTANDING PROJECTS:** The State Treasurer's Office has several in-house systems that require routine maintenance from in-house staff. These systems are sufficiently aged that updating of the system and the source code are necessary to keep them functioning properly. The State Treasurer's Office plans to update these systems as resources and funding are available with both in-house and external programming staff.

**EXPLANATION OF CASH FLOW NEEDS:** Because interest receipts can fluctuate greatly month-to-month based on the state's overall cash flow, the State Treasurer's Office manages the cash flow needs of this fund by striving to maintain a fund cash balance of half a fiscal year's budgeted expenditures. This is accomplished by reviewing the interest retainage calculations on a monthly basis and adjusting them as needed.

OTHER NOTES: : Notwithstanding the provisions of section 33.080, moneys in the state treasurer's general operations fund shall not lapse to the general revenue fund at the end of the biennium unless and only to the extent to which the amount in the fund exceeds the annual appropriations from the fund for the current fiscal year.

<sup>\*</sup> Do not include in the Prior Year Actual column as doing so would double count lapse & reserve.

**REVENUE SOURCE:** The source of revenue for this fund is abandoned property remitted to the State Treasurer's Office by the holder.

**FUND PURPOSE:** This fund enables the Office of the State Treasurer (STO) to fulfill its advertising requirements for unclaimed property. The STO must mail notices, advertise in newspapers and utilize outreach programs (i.e. radio, television, internet website, booths at public events and other proactive owner location) in an attempt to locate owners. The STO must conduct an auction of items received that need to be liquidated and pay out claims to the rightful owners of the unclaimed property. The fund pays for salaries and fringe benefits of the Unclaimed Property Division staff and related expense and equipment costs effective FY2006.

**EXPLANATION OF UNEXPENDED APPROPRIATION AMOUNT:** Unexpended personal service dollars are the result of occasional staff turnover resulting in the division being not fully staffed for the entire fiscal year. Unexpended advertising and auction dollars are the result in cost savings achieved by competitive bidding. Unexpended claims amounts are the result of a fourth quarter increase in the estimated appropriation amount which exceeded the amount of unclaimed property claims processed for payment in that quarter.

**EXPLANATION OF OTHER ADJUSTMENTS:** This fund has no other adjustments.

**EXPLANATION OF OUTSTANDING PROJECTS:** The Unclaimed Property Division is working to integrate an imaging system into the current unclaimed property system(s). The imaging integrations will relieve costs associated with handling and storing paperwork, ensure that documents are no longer lost or misplaced, and offer the ability for quicker record retrieval.

**EXPLANATION OF CASH FLOW NEEDS:** The Abandoned Fund's cash flow needs are to ensure sufficient cash balances to pay claims for unclaimed property. The State Treasurer's Office does possess appropriation authority to transfer funds from the General Revenue Fund should the cash balance in the Abandoned Fund become insufficient to pay claims.

OTHER NOTES: At any time when the balance of the account exceeds one-twelfth of the previous fiscal year's total disbursement from the abandoned property fund, the treasurer may, and at least once every fiscal year shall, transfer to the general revenue of the State of Missouri the balance of the abandoned fund account which exceeds one-twelfth of the previous fiscal year's total disbursement from the abandoned property fund, and, notwithstanding the provisions of section 33.080 to the contrary, no other moneys in the fund shall lapse at the end of the biennium.

FUND NAME:

Central Check Mail

FUND NUMBER: 0515

REVENUE SOURCE: The source of revenue for this fund is interagency billings to the agencies utilizing the central check mailing service. Agencies are billed based on the number of payments they process through the service.

FUND PURPOSE: This fund is used for the central disbursement of checks for other agencies. The fund also assists in increasing efficiency and reduces costs statewide.

EXPLANATION OF UNEXPENDED APPROPRIATION AMOUNT: : Actual expenditures are based on the level of usage by state agencies. That usage is out of the control of the State Treasurer's Office, and the fund has lapsed a portion of its expense and equipment appropriation in recent years.

**EXPLANATION OF OTHER ADJUSTMENTS:** This fund has no other adjustments.

**EXPLANATION OF OUTSTANDING PROJECTS:** The State Treasurer's Office will need to replace the mail handling equipment that bursts, folds and stuffs checks within the next five years.

EXPLANATION OF CASH FLOW NEEDS: The fund needs a sufficient cash balance at any given time to purchase postage when needed, pay necessary repairs on the mail handling equipment, and cover half of the salary and benefits of the staff person assigned to the central check mailing service. Billing has been shifted from quarterly to monthly to assist in better matching cash inflows to outflows

OTHER NOTES: Any unencumbered balance in excess of fifty thousand dollars remaining at the end of each fiscal year shall revert to the general revenue.
